

**POLICIES AND MEASURES FOR LIFE CYCLE ASSESSMENT
OF SOLAR PHOTOVOLTAIC MODULES AND THEIR
ENVIRONMENTAL ISSUES**

by

MANISHA SHEORAN

submitted

In Partial fulfillment of the requirements of the degree of

DOCTOR OF PHILOSOPHY

Under the Guidance of

Dr. Pancham Kumar

and

Co-Guide

Dr. Susheela Sharma

Bhartiya Skill Development University Jaipur

2023

DECLARATION

I, **Manisha Sheoran (181050W001)** certify that the work embodied in this pre-submission report of my Ph.D. thesis is my own work carried out from **2019** to **2022** at the **School of General Education** in (**Chemistry discipline**) of Bhartiya Skill Development University. The matter embodied in this Ph.D. thesis has not been submitted for the award of any other degree. I declare that I have faithfully acknowledged, given credit to, and referred to the research workers wherever their works have been cited in the text and the body of the thesis. I further certify that I have not willfully lifted up some other's work, para, text, data, results, etc. reported in the journals, books, magazines, reports, dissertations, thesis, etc. or available at websites and included them in this Ph.D. thesis as my own work.

Name of Candidate: Manisha Sheoran

Place: Jaipur

Certificate from the Supervisor

This is to certify that the above statement made by the candidate is correct to the best of my knowledge. The research work embodied in the thesis was carried out under my supervision and the candidate has worked under me for the period required under the regulations.

Supervisors Signature:

Name: Dr. Pancham Kumar

Designation: Assistant Professor (School of Electrical Skills, BSDU, Jaipur)

Co-Supervisors Signature: |

Name: Dr. Susheela Sharma

Designation: Registrar (SRHU, Dehradun)

ACKNOWLEDGEMENT

First and foremost, I would like to express my sincere gratitude and thanks to my advisor, **Dr. Pancham Kumar**, without whom this thesis wouldn't have been possible. His support and commitment in all phases of my academic journey; pre, during, and the post was unmatched by anyone and greatly appreciated. I feel so lucky to have you as my advisor and your dedication and hard work have not gone unnoticed.

I would thank my family for their unconditional support which kept me going throughout my journey. I would mention my special gratitude to my father for keeping me motivated and always being supportive to pursue my work with dedication. I would like to thank Dr. Susheela Sharma for guiding me with her patience and sound intelligence. I would like to thank my committee members, Prof. (Dr.) Shishir Bhaduri, Dr. Ritu Tak, Dr. Satyendra Singh, and Dr. S.K Jhajahariya for your time and assistance during this process.

Lastly, I would like to acknowledge my sincere gratitude to peer research scholars for helping me to learn new concepts and techniques throughout my journey.
